

## ADJACENT UNIT TREATMENT NOTIFICATION

Bed Bug: *Cimex lectularius*

**Treatment Date:** \_\_\_\_\_ **Time:** \_\_\_\_\_ **Unit#** \_\_\_\_\_

Dear Owner/Tenant,

On inspection or identification we have confirmed the presence of Bed bugs within this facility. We are planning on treating the affected unit(s). We are treating your unit to mitigate the potential dispersal of Bed bugs. In order for us to perform the best treatment we can, we ask you to please do the following.

- \* **Please** Strip beds and launder all bedding
- \* **Please** clear belongings away from electrical switch plates in bedrooms and shared walls.
- \* **Please** move belongings away (2 feet) from walls shared with adjacent units and in bedroom.
- \* **Please** do as much as physically possible to help us reduce Bed Bug dispersal.
- \* **If bed bugs are found further instructions will be provided.**

We thank you in advance for your cooperation.

**BC Drug & Poison Information Centre: 1-800-567-8911**

**See Next Page**

## Information Sheet for Occupants of indoor areas treated with Temprid SC.

To be posted at points of entry or given to the occupant.

**This area has been treated with Temprid SC (Reg. No. 32524), containing the active ingredients imidacloprid and beta-cyfluthrin.**

DATE APPLIED:

TIME APPLIED:

- Bystanders and animals must not be present during application.
- **Do not re-enter the treated area until at least 6 hours after the product has been applied.**
- Ventilate treated areas, either by opening windows and doors or through the use of air exchange/ventilation systems confirmed to be operational. Use fans where required to aid in the circulation of air.

The following adverse effects have been reported following re-entry into areas treated with products containing beta-cyfluthrin: respiratory effects such as cough, sore throat, or shortness of breath nausea, dizziness, eye irritation.

If you experience effects, leave the area and ventilate further. For medical information, call 1-800-334-7577.

If you experience effects that do not resolve rapidly or become worrisome, contact your health care professional.
